FPS(Full Power Series)

Women's activewear wholesale catalog

Our factory's FPS(Full Power Series) fabric is 69% nylon 31% spandex RIB fabric. This fabric is developed in accordance with Full Powe series. It has the same excellent supporting effect and can better stabilize the muscle core. The inner layer is soft and delicate, and the outer stripe is clear, which enriches the product category and solves the problem that the conventional plain weave fabric has no lines. More suitable for fitness and daily leisure sports functional clothing requirements.
